# VOLUNTEERS

The Forsyth County Sheriff's Office is grateful to have numerous volunteers and reserve deputies who drop everything to help when called upon, receiving nothing in return. Our volunteers are vital to our day-to-day operations and play a large part in our mission to keep Forsyth safe.

During the 2020 calendar year, our incredible volunteers worked a total of 12,664 hours. Of the total volunteer hours, 1,580 hours were spent assisting the Sheriff's Office, Forsyth Emergency Management Agency, and the Public Health Department with 37 individual COVID testing sites. Another 4,446 hours were spent helping Uniform Patrol with various tasks.

**The total number of hours worked by volunteers in 2020 is equivalent to just over six full-time employees and a combined savings of \$414,015 to the citizens of Forsyth County.**

# THE FORSYTH COUNTY WAY

*Our core values are fundamental convictions and beliefs that we hold so firmly that they cannot be altered by circumstances. Our values and how we define our values serve as our ethical compass in making decisions and taking actions. We refer to these values as the Forsyth County Way.*

## WE ARE HERE TO SERVE OUR COMMUNITY

Service is the cornerstone of our value system at the Forsyth County Sheriff's Office. The highest form of service we can provide is to protect the lives and property of our fellow human beings. Our county provides an exciting and diverse environment for personal and professional achievement. Our school system and county resources are recognized nationally for their value. We recognize that our achievements as law enforcement officers will be measured by the level of safety and well-being enjoyed by our community.

## INTEGRITY

If service is the foundation of our value system, integrity is the mortar that must hold it all together. The Forsyth County Sheriff's Office will demonstrate, through its actions, an uncompromising allegiance to the core principles espoused within the Police Officer's Code of Ethics. Every Forsyth County Sheriff's Office employee will embrace ideals such as honor, duty, courage, equality, fairness, and dignity.

## SERVICE MATTERS

This is a phrase that must mean more than words, it must embody a state of mind, an approach to delivering law enforcement services which recognizes that to be truly effective we must express genuine concern that we are in the business of serving people. We appreciate the dignity of all people and treat them accordingly. Our intent is to always reach beyond the expectations of our citizens. We will work tirelessly to be positive role models in our community.

## WE APPROACH CRIME PROACTIVELY

Stopping crime before it occurs is our most important function. Identifying conditions which foster crime in our community and interceding is a joint law enforcement - community responsibility, but the actual prevention of crime is a task which no other entity can assume, it rests squarely on our shoulders.

## WE TREAT PEOPLE CONSISTENTLY AND FAIRLY

The Forsyth County Sheriff's Office practices this value both within the organization and with the communities we serve. We are flexible in dealing with issues in an open and sensitive manner. We are committed to the consistent application of the law for the common good. We treat people with dignity and respect always. We practice impartiality, equity, and honesty without self-interest, prejudice, or favoritism. We continually remember that we often encounter good people on less than their best day. We display patience and empathy for those in distress and work to resolve their issues.

## COURAGE

Our courage helps prove us worthy of the trust given to us by the citizens. Our words and actions demonstrate the willingness to venture into danger and difficulty when our duties call for it.

## EXCELLENCE

We strive to deliver the best service possible. This is the ultimate goal for each employee of the Forsyth County Sheriff's Office. The effort that one undertakes to obtain such a level of excellence is the most important aspect of this value. Sheriff's Office employees are expected to do the best possible job at all times.

## INNOVATION

Utilizing creativity to meet today's challenges is paramount for the Forsyth County Sheriff's Office to effectively solve problems. While having a consistent process to complete our daily tasks may be valuable in many circumstances, we do not serve this process. We must be willing to seek solutions that exist outside of our normal methodology in order to address the complexities of our era.

# LAW ENFORCEMENT CODE OF ETHICS

*"As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation; the peaceful against violence or disorder; and to respect the constitutional rights of all persons to liberty, equality and justice.*

*I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; be constantly mindful of the welfare of others; and be honest in thought and deed in both my personal and official life. I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature, or what is confided to me in my official capacity, will be kept ever secret unless revelation is necessary in the performance of my duty. I will never act officiously or permit personal feelings, prejudices, animosities, or friendships influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence, and never accepting gratuities.*

*I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession... law enforcement."*

# MESSAGE FROM THE SHERIFF

It is my pleasure to introduce our 2020 Forsyth County Sheriff's Office Annual report to our citizens. Your Forsyth County Sheriff's Office is the state's 3rd largest full-service Sheriff's Office.

While 2021 is showing us hope of life moving toward a sense of normalcy for all of us, including your FCSO, 2020 brought about challenges few could have anticipated. We all learned words and phrases we want to forget, such as "slow the spread," "6 feet apart," and my least favorite, "social distancing." We also saw nationwide challenges for law enforcement in communities from coast to coast. Here in Forsyth, the groundwork for trust and community support had been being built for years. Our community and your FCSO continue to represent the best in law enforcement and community relations.

Forsyth County's crime rates remain the overall lowest in the metro-Atlanta region. While the pandemic may have slowed the world, someone forgot to give that message to the criminals. Our deputies worked diligently in solving an organized crime-led burglary ring that was primarily targeting our Indian community. Our Johns Creek and Forsyth Drug Task Force remains focused on removing drug dealers from our community and has been highly successful in leading investigations that led to the arrest of dealers both within and outside of our community. Forsyth County continues to show others what can happen when community and law enforcement develop trust and partner together to keep their community safe.

Our Pups with Purpose program, which pairs inmates with dogs from our local Forsyth County Animal Shelter,

progresses. These pups go through a 6-8 week full-time training program led by inmates with oversight from Forsyth County Deputies and our local volunteer professional trainer, Scot Rucker. This program has been hugely successful for both the pups and the inmates involved. To date, over 40 pups have been trained and adopted.

We also began our RSAT (Regional Substance Abuse Treatment) program in the jail. This 180-day program pairs local resources, training, and work for inmates assigned to the program. The goal is simple, take those with substance abuse issues, teach them skills to use in life, require them to work, and reach a goal of becoming responsible citizens again. One of the recent work projects our RSAT program undertook was the renovation of the Cumming Cemetery, which had fallen into severe disrepair. Inmates have remounted headstones, cleaned memorials, performed significant landscaping, and even discovered buried and forgotten monuments that have now been remounted and cleaned to honor those memorialized.

We began a forward-looking initiative to assist those with mental health issues avoid the criminal justice system. Too often, jails become housing for a broken mental health system. With grant funding providing the financial resources, we are one of the few agencies in Georgia with a full-time Mental Health Critical Response Unit that pairs a specially trained Deputy Sheriff with a mental health professional to respond directly to 911 calls where needed. They, along with a peer counselor, also follow up with those with persistent mental health issues to provide resources and care options.

FCSO volunteers represent the best of Forsyth County. Our volunteers number over 100 citizens and they regularly volunteer and participate in county-wide events. Our volunteers are made up of our CERT (Citizens Emergency Response Team), CHIPS (Citizens Helping in Policing), ARES (Amateur Radio Emergency Service), Reserves, and administrative volunteers. Together these citizen servants volunteered nearly the equivalent of \$½ million in hours worked. We can't thank them enough.

Financially the FCSO ended 2020 at approximately \$1 million under budget; those monies were returned to the Board of Commissioners for future needs. We have operated under budget each year since 2017 and maintain tight financial controls as we are spending your taxpayer dollars. While many agencies struggle to find qualified employment candidates, we continue to see highly qualified candidates applying to FCSO, and as of March 2021, we are nearly at full staff with a waiting list of candidates.

I would be remiss if I did not take the opportunity to thank Forsyth County for allowing me to serve as your Sheriff for another four years. It is a great privilege and responsibility I will never take lightly. The men

and women of the FCSO are the most professional and dedicated group of people I have ever met. They work selflessly every day to keep Forsyth safe, and the response from our citizens shows the mutual respect each holds for one another. I often remind folks, we are not perfect, we are human and make mistakes like anyone else, but we must work every day to meet the motto we internally hold as the "Forsyth County Way" of Service before Self. That motto means to us that:

- Integrity Counts
- Service Matters
- Excellence is our goal
- We are here to serve our community
- We approach crime proactively
- We treat people consistently and fairly
- We are innovative in our service

Please feel free to call on me if I may ever be of assistance.

My very best,

## COVID19 PANDEMIC

With the onset of a global pandemic early in 2020, the year was quite different for everyone. Staff at the Forsyth County Sheriff's Office had to quickly adapt to new procedures and protocols to address safety concerns. Adjustments were promptly made throughout the agency to ensure the essential day-to-day operations of FCSCO were kept intact. Some of the many changes included a mask requirement, health screening at doors, limited non-essential community interaction, cancellation of all planned FCSCO in-person programs and events, and the suspension of court hearings. A thorough quarantine and testing protocol were also established for employees.

As 2020 continued, so did the pandemic. Still, with the safety protocols and procedures in place, the Forsyth County Sheriff's Office staff had acclimated to working during COVID 19 and continued to do a stellar job at keeping Forsyth safe.

## COMMUNITY SUPPORT

The Forsyth community showed their support and appreciation throughout the year with countless messages of encouragement and donations. The community donated nearly 5000 masks, 2000 ounces of hand sanitizer, 1000 safety suits, and medical gloves to assist in keeping our deputies safe. There were also many meals and snacks donated to help keep our staff well fed. We are always amazed at the incredible support and appreciation from our community, and even during a global pandemic, they showed that they know kindness truly matters.

### SALUTE TO HEALTHCARE HEROES

The Forsyth County Sheriff's Office called on our partners at the Forsyth Fire Department, Cumming Police Department, Georgia State Patrol, and Central Ambulance Service to join us as we visited Northside Forsyth Hospital to salute our incredible Healthcare workers. The parade of emergency vehicles around the hospital was a simple effort to show our appreciation for all that they do every day, especially during the COVID19 pandemic.

### NATIONAL FAITH & BLUE WEEKEND

FCSCO joined community members for a weekend of resolution and reconciliation during the first National Faith & Blue Weekend, a collaborative effort to build bridges and break biases. Communities are stronger and safer when residents and law enforcement professionals can relate as ordinary people with shared values, hopes, and dreams. Graciously hosted by New Life Church, we enjoyed a day of music, food, games, and fellowship.

### FORSYTH DRUG TAKE BACK PROCLAMATION

The Forsyth Board of Commissioners presented a proclamation declaring the third Saturday of each month as Forsyth Take Back Day. In partnership with the Forsyth County Drug Awareness Council and Youth Council, the Forsyth County Sheriff's Office invites all residents of Forsyth County to participate in making our community a safer place by removing and disposing of unused prescription drugs properly.

### TRUNK OR TREAT

Thankfully Halloween wasn't canceled due to the pandemic, and there were two local Trunk or Treat events the FCSCO Community Relations team was able to participate in. The theme was Sesame Street, and the team did not disappoint with their outstanding handmade, interactive decorations.

### CUMMING CHRISTMAS PARADE

The annual Cumming Christmas Parade is always a fun community event; however, this year, it was even more special as many were able to get out with family and enjoy some time outside of the house to see the fantastic displays put on by our community— including the FCSCO.

# LAW ENFORCEMENT BUREAU

The Law Enforcement Bureau is a significant component of the Forsyth County Sheriff's Office and includes the Patrol Division (North and South), Criminal Investigations Division (CID), and Special Enforcement Division. Law Enforcement consists of the prevention, detection, and investigation of crimes and the apprehension of suspect violators of the law. Many specialized units fall within this bureau, including JCaF Drug Task Force, School Resource, SWAT, Traffic, and more.

## CRIMINAL INVESTIGATIONS DIVISION

The Criminal Investigations Division (CID) is comprised of investigative units whose primary responsibility is to investigate and follow-up on crimes committed against persons or property in Forsyth County. The Major Crimes Unit, Hi-Tech Crimes Unit, Property Crimes Unit, Narcotics Unit, SWAT & Crisis Negotiation Teams, and Peer Support Team all fall under the Criminal Investigations Division.

### MAJOR CRIMES

The Major Crimes Unit of the Forsyth County Sheriff's Office is responsible for investigating all major crimes within Forsyth County, except for property crimes. Investigators within the Major Crimes Unit are tasked with providing follow-up investigations on cases where a major crime has been committed but no arrest has been made, as well as initiating new cases independently. Cases involving violent acts or death, sexual assault, threats, etc., are classified as major crimes.

### VICTIM ADVOCATES

It has always been the Forsyth County Sheriff's Office's policy to offer assistance to victims of crimes when responding to a call. Still, often, deputies have other calls to which they must immediately respond and cannot devote the time that the victim needs. Therefore our Victim Advocates assist victims of crime through the criminal justice system. Further, we know from first-hand experience that victimization does not end with the mere filing of a report to law enforcement, so Victim Advocates offer assistance throughout the criminal process.

### NARCOTICS

The Forsyth County Sheriff's Office Narcotics Unit is responsible for finding and investigating illegal narcotics use and distribution, as well as gambling, prostitution, and human trafficking within Forsyth County. This unit works hand-in-hand with the Major Crimes Unit.

These detectives are assigned county-wide and work wherever they find illegal narcotics being manufactured, distributed, possessed, stored, or used. Our narcotics unit also investigates Vice-type crimes like gambling, prostitution, and human trafficking.

### DRUG TASK FORCE 2020 RESULTS

## PROPERTY CRIMES

Property Crime Detectives of the Forsyth County Sheriff's Office are assigned to investigate and respond to calls and crime trends that need follow-up by a trained investigator. Crimes investigated include, but are not limited to, burglaries, thefts, auto theft, entering autos, theft of trailers, and large construction equipment.

The Forsyth County Sheriff's Office Uniform Patrol (UPD) Division is comprised of both the North and South Patrol Precincts, the Problem-Oriented Policing (POP) Unit, and the Crime Reduction Unit (CRU). Uniform Patrol as a whole is responsible for providing uniformed Deputies to manage and respond to calls for service, crime prevention, and maintain order.

### POP UNIT

The Problem-Oriented Policing (POP) Unit was developed to improve strategies that prevent and reduce crime. POP Deputies analyze crimes and problem areas within the community and search for effective solutions. Communication is critical for our POPs team, so they spend a lot of time out in the community talking with citizens and business owners in Forsyth County. The POP Unit also heads up the FCSO Business Watch program and the Neighborhood Watch program.

### CRIME REDUCTION UNIT

The Crime Reduction Unit (CRU) was developed to provide intelligence-driven proactive criminal enforcement throughout Forsyth County. The CRU includes both uniformed Deputies and K9 Deputies with a variety of training and experience. The unit's primary function is to target patternable crimes, such as Burglary, Entering Auto, and Vehicle Theft. CRU is a force multiplier for Uniformed Patrol and provides a quick response for additional resources on any critical incident.

Priority 1: Respond immediately, emergency equipment, lights & sirens.  
 Priority 2: Respond immediately, under normal traffic conditions.  
 Priority 3: Respond once all priority 1 and 2 calls are handled.

# LAW ENFORCEMENT BUREAU

The K9 Unit works throughout the county and has assisted other agencies when requested. Each K9 Handler is responsible for daily training with their partner and attending weekly training as a group with the K9 Unit Trainer.

**In 2020, the K9 Unit successfully tracked and located ten persons, located four items of evidence, took two individuals into custody without a use of force.**

It is committed to working closely with the Forsyth County Board of Education and School Safety Department to maximize the safety of our most valuable treasure, our youth. Sheriff Freeman and the Board of Education have developed a plan to staff a minimum of one SRO at each public school campus in Forsyth County. **Our School Resource Officers protect nearly 51,000 students and 8,000 school staff within 40 school campuses.** The SRO deputies provide direct services to the schools, including campus safety inspections, classroom presentations, criminal investigations, student and parent conferences, and a variety of other activities, including traditional law enforcement duties and security.

2020 SRO UNIT INCLUDES	
1	Lieutenant
3	Sergeants
6	Corporals
2	K9 Deputies
31	Deputies

The Forsyth County Sheriff's Office will always be committed to securing the safety of our schools and will continue to have an enhanced presence on all campuses. A **School Safety Task Force** was established in early 2018 by Forsyth County Schools Superintendent Dr. Bearden and Forsyth County Sheriff Freeman to assess the safety and security of all Forsyth County school campuses. The Forsyth County Sheriff's Office leads the task force, which includes staff from Forsyth County Schools and representatives from both the Forsyth County Fire Department and Forsyth County Emergency Management Agency.

**In a continued effort to ensure the students and staff are safe at our schools, FCSO School Resource Officers go through extensive training every year, including firearms training, de-escalation training, active shooter scenarios, and more.**

# LAW ENFORCEMENT BUREAU

## TRAFFIC ENFORCEMENT SECTION

The Traffic Enforcement Section is responsible for keeping the roads safe and consists of the Traffic Unit, H.E.A.T. Unit and D.U.I. Task Force, the Motors Unit, the Traffic Specialist Unit, and a Traffic Response Vehicle.

## MOTOR UNIT

The Motor Unit, which grew to six deputies in 2020, is tasked with aggressive traffic enforcement, targeting high traffic crash areas and complaints from citizens of traffic issues. The Motor Unit also oversees deploying "Speed Smart Trailers" and TraxxPro devices. These devices help the agency target dates and times to best focus on speed enforcement and educate the public on speeding issues. The Motor Unit is also responsible for funeral escorts and other special assignments.

## H.E.A.T. UNIT

The Forsyth County Sheriff's Office is proud of its continued partnership with the Georgia Governor's Office of Highway Safety (G.O.H.S.). In 2020, we continued our H.E.A.T. Unit program and received a grant from the Governor's Office for our enforcement and educational efforts.

The mission statement for the H.E.A.T. members is to reduce accidents, fatalities, and serious injuries through education and enforcement. The H.E.A.T. Unit members aggressively target unsafe driving behavior in the areas of D.U.I., speeding, occupant protection, and distracted driving. They also spend time on educational efforts. The H.E.A.T. members are commonly requested to teach at schools, businesses, and community events to educate the public about Traffic Safety issues.

## TRAFFIC RESPONSE VEHICLE

The Traffic Response Vehicle (TRV), much like the Georgia Department of Transportation's HERO truck, is designed to help residents with roadside problems. However, the FCSO Traffic Response Vehicle also enforces laws and issues citations as needed. The TRV Unit patrols high-traffic county roads and provides roadside help during busy weekday rush hours.

## TRAFFIC SPECIALIST UNIT

The Traffic Specialist Unit consists of a specially trained team that investigates serious injury and fatal traffic crashes and hit and run incidents in Forsyth County. Traffic Specialist Deputies are equipped with numerous state-of-the-art pieces of equipment, including the Total Station System, which is used to map a crash or crime scene to scale, a Bosch Crash Data Retrieval System that retrieves crash data from an airbag module, and other critical investigative software and hardware. Most of this equipment was purchased using drug seizure funds at no cost to taxpayers.

## CRISIS INTERVENTION RESPONSE TEAM

The Crisis Intervention Response Team (CIRT) is a **grant-funded special unit** created by a partnership between the Forsyth County Sheriff's Office and Avita Community Partners. The unit's primary goals are to provide a specialized response to citizens experiencing a mental health-related crisis, encourage connections between mental health consumers and local resource providers, and reduce the prevalence of mental illness in the Detention Center. The unit is funded in part by a grant from the Bureau of Justice Assistance's Justice and Mental Health Collaborative Program. The CIRT seeks to accomplish its goals by employing both reactive and proactive methods.

Three members currently make up our CIRT Unit led by Sgt. Terry Hawkins, a twenty-year veteran of FCSO who has had advanced training for the position through courses such as the GPSTC Crisis Intervention Team course, Mental Health First Aid, and many others. Avita provides the other two members of CIRT, a licensed Clinical Social Worker and a Certified Peer Specialist.

When FCSO receives mental health-related calls for service, Sgt Hawkins, along with a co-responder from Avita, responds to the scene with patrol deputies. CIRT will seek to de-escalate individuals experiencing a crisis and then advise on best practices to assist those persons in a way that caters to their unique situations. Some examples of CIRT activities on scenes have included: simply talking with people until emotional distress has subsided, setting up crisis plans with individuals and their families, setting up appointments with care providers, and occasionally involuntary commitment for an emergency examination.

When individuals are not in crisis but may live with a condition that puts them at risk of crisis, an Avita representative can meet with them to advise and encourage them to maintain access to needed wellness resources.

# FORSYTH COUNTY JAIL

The Jail Bureau is comprised of the Security Division and the Operations Division. The bureau also has Grievance Deputy who reports directly to the Jail Commander and serves as a non-partial representative to handle inmates' grievances regarding jail staff, contractors, or other inmates.

The Security Division has many roles within the jail; however, the most critical is managing all inmate housing areas. There are fourteen inmate housing areas, as well as an Infirmary. The Infirmary sees and treats inmates with medical issues, mental health issues, and suicide watches. Flex Housing is utilized for discipline issues, sex offenders, and housing the administrative segregation population consisting of individuals with mental health issues, those in protective custody, or the high profile.

All arrestees in the Forsyth County jurisdiction and geographic area are brought to the detention center for intake. The arrestees may be brought in by the Sheriff's Office, City Police, Department of Natural Resource, Georgia Bureau of Investigations, Corp of Engineers, or Georgia State Patrol. The Security Division is responsible for fingerprinting, photographing, and confirming the identification of all intakes.

After an inmate is processed through booking, it is the responsibility of the deputies in this Security Division to ensure the safety, security, medical, and dietary needs of each inmate are met. Inmates are given an Inmate Handbook and are expected to comply with its content; however, it is the Security Division that ensures compliance and addresses any violations.

Briefly, other essential functions of the Security Division include, but are not limited to:

It also coordinates several activities and beneficial programs for inmates housed in the jail. Through partnerships with a significant number of community volunteers, we are able to provide the following programs to our inmates:

# FORSYTH COUNTY JAIL

## RSAT INMATE PROGRAM

The Forsyth County Sheriff's Office Jail Bureau's Residential Substance Abuse Treatment (RSAT) program targets high-risk, high-needs offenders with a history of substance use as a crime-producing behavior.

In 2020, the RSAT group began a community service project cleaning the City of Cumming Cemetery, located behind the jail. The project participants are in sobriety, and this project helps guide them through emotions they have never faced before while teaching them new skills to move forward to a healthy, sober life with confidence.

Participants work hard to clear out dead trees and overgrown brush and to restore headstones. From day one, the participants have eagerly worked on the project with great pride, giving them a sense of accomplishment as they see their progress. A few of the participants have had this to say about the project:

***"The cemetery project is wonderful therapy. To be doing something positive and productive is an amazing feeling. It is beneficial in helping me realize to appreciate that most things that are worth doing are not easy. Just like recovery, it is not easy, but the harder I work at it, the greater the milestones."***

***"Thank you for letting me help with this project; it gives me great pleasure to be able to give back to the community and restore some of the awesome histories that this county has."***

***"I feel this is a way for me to give back for the wrong I have done, and it is helping me find peace and forgiveness with myself. It gives me a sense of pride and a new level of standards."***

## PUPS WITH PURPOSE INMATE PROGRAM

In the second half of 2019, we introduced our Pups with Purpose inmate program at the Forsyth County Jail. The Pups with Purpose inmate training program is a unique partnership between the Forsyth County Sheriff's Office, dog trainer Scot Rucker, and the Forsyth County Animal Shelter. The program gives carefully selected inmates an opportunity to give back to society by providing foster care and basic obedience training to homeless, unwanted animals while enhancing the inmate's social and vocational skills, which can aid them in becoming productive Citizens after release. In addition, the program ensures the rescued dog possesses the skills to enjoy a lifelong relationship with a loving adoptive family.

In 2020, fifteen male inmates and nineteen females inmates were routed through the program. The Pups with Purpose program has seen great success thus far through both the inmates who participated and the rescued dogs who went on to new homes.

## POLICY & ACCREDITATION SECTION

The Forsyth County Sheriff's Office was awarded Advanced Accreditation by the Commission on Accreditation of Law Enforcement Agencies (CALEA) in May of 2019. Advanced accreditation is awarded to elite organizations that strive to demonstrate professional excellence within a comprehensive range of operational and administrative functional responsibilities.

An annual self-assessment is required to maintain CALEA Advanced Accreditation. Self-assessment encompasses a detailed review of policies, practices, and procedures to confirm continued compliance with existing and newly enacted CALEA standards. Self-assessment also includes gathering documented proofs of compliance with each individual CALEA standard. The systematic review of each standard and related policy provides an excellent opportunity to recognize and initiate necessary adjustments.

The Sheriff's office also maintains State Law Enforcement Certification by the Georgia Association of Chiefs of Police (GACP). State Certification also requires an annual self-assessment to confirm continued compliance with State Certification Standards and new state laws as enacted.

An initiative was commenced in 2020 to achieve accreditation from the National Institute of Jail Operations (NIJO) for the Forsyth County Jail. NIJO accreditation comprises approximately 600 standards that guide agencies in establishing and maintaining policies and procedures compliant with established legal standards. An on-site assessment by a NIJO Assessment Team is planned in 2021.

While the year 2020 brought about many challenges, Forsyth County Sheriff's Office personnel utilized the guidance and resources offered by Accreditation and Certification processes to meet those challenges and advance toward established goals.

### OPEN RECORDS

The Forsyth County Sheriff's Office adheres to the Georgia Open Records Act, which states all public records are available for inspection and copying unless they are specifically exempted from disclosure under the law. The Open Records Unit responds to all public records requests from citizens, inmates, law firms, and other private entities. Public records provided by the Open Records Unit vary greatly from initial incident reports, to body camera videos, to complete investigative files. Requested documents and files are only released in accordance with Georgia law or court orders. Public records requests can be submitted on our website or via mail/email.

In 2020, the Open Records Unit and the Records Unit began utilizing a new tracking software called NextRequest. This new system has allowed Open Records to track, communicate, and fulfill Open Records Requests electronically while carefully protecting each citizen's information.
